All Mr. Woodard and one see in the

fisheries complications, pending the removal

or adjustment of our treaty with Great

Britain, in which the rights of American

fishermen have been assailed and their

vessels and persons seized, is that our

fishermen catch young herrings and put

them up in outboard oil and sell them

as sardines.

At the commencement of business

hours on Monday Chicago elevators were

stowed with 9,199,903 bushels of wheat,

4,040,216 bushels of corn, 953,237 bushels

of oats, 135,697 bushels of rye and 682,-

705 bushels of barley, making a grand

total of 15,028,157 bushels against 15,897,-

158 bushels, against 15,897,823 bushels a

week ago and 14,827,006 bushels at this

period last year.

It seems, notwithstanding Mr. Wood-

ward's denial, that "the riot case" is in-

volved in the present state canvass, and

that it is not brought there by the repub-

licans. Here is a little testimony from

the Industrial Times, a paper issued by

"The Knights of Labor Publishing com-

pany," at Ironwood, Outaouga county,

Michigan:

Gov. Jeremiah Rusk, of Wisconsin,

passed through Ironwood, Tuesday.

Jeremiah Rusk is the republican gov-

ernor who gave the order to fire upon a

convoy of peaceful and unarmed work-

men in Milwaukee last May. Rusk was

nominated for a third term, solely for

having ordered the militia to kill these

workmen. Labor should assert itself

against such men, and teach them a les-

son that shall not soon be forgotten.

The above shows that the defeat of

Gov. Rusk will be regarded by the men

who sympathize with the rioters as a re-

lief to him for having done his duty last

May.

The Mark Lane Express, in its review

of the British grain trade during the past

week, says: "The restricted scale of wheat

deliveries has caused values to harden.

Several provincial markets report an

advance in native wheat of six pence to

one shilling. There is an increased

inquiry in London for best samples. The

bring him to the car. He said he was a

stranger and wanted to see the manager of

## IT IS WONDERFUL

how easily rheumatism begins, and how

insidiously it grows in the system, until

one is startled to find himself its victim

in either the acute or chronic form. He

then learns the fearful tenacity of its

grip and the utter powerlessness of the

ordinary remedies to give relief.

Probably no disease has physicians

given more study, and none has more

completely baffled their efforts to dis-

cover the cause, until Athliphore was dis-

covered there was no medicine which

would surely cure rheumatism, neuralgia

and nervous or sick headache. Thousands

of testimonials like the following prove

beyond question that Athliphore is the

only reliable remedy, and that it will do

all that is claimed for it.

Best Saginaw, Mich.

About four weeks ago I was taken with

a severe attack of rheumatism. My foot

was so swollen that I could not wear my

boots; in fact, I could just hobble along,

and got very little sleep at night, as I

suffered intense pain whenever I sat up or

lay down. I went out and bought

## Republican Assembly Convention.

The republican electors of the Second Assembly District, Rock county, will meet by their delegates at the common council chamber in the city of Janesville at 4 o'clock on Saturday afternoon, October 28th, for the purpose of nominating a candidate for member of the assembly. The different wards and towns will be entitled to the same number of delegates as in the county convention.

The committee would recommend that the ward caucuses be held on Thursday evening at 7:30 o'clock (first, second and fourth wards) at the usual places of holding caucuses.

—The water works plant at Racine is now approaching completion. Twenty-seven miles of water mains have been laid, leaving only four miles more to complete to pipe lines, the water tower is nearly completed, and the pumping house is ready for the roof. The Racine papers speak in great praise of the manner in which the work is being done.

—While looking for his son, who is a laborer on the Evansville cut off, Jacob Reithel, a farmer from near Jefferson, got into a crowd hailing from the patch and claims to have been robbed of fifteen dollars. The trouble occurred last night. Dennis Barry has been arrested on suspicion but his examination has not yet been held.

—Thomas Dolan, the engineer who was severely injured in the railway collision at Pine Bluff, Dane county, yesterday, is a brother of John Dolan, of this city, and at one time resided here, and is well known in Janesville. The Madison Democrat of this morning,

## speaking of his injuries, says:

The passenger engine was badly damaged that steam did not water flow in all direct ions. Some time elapsed before a view could be obtained of the wreck, so dense was the steam. By and by, the engineer, Thomas Dolan, of Lancaster, was discovered jammed in between the engine and tender. His left leg appeared to be completely crushed. He could not help himself in the least. Strong men among the passengers, and the conductor and brakeman, went to work with a will to extricate the suffering prisoner. In a few minutes a fire broke out, and the mail car and tender were soon in a blaze. The flames were rapidly working toward the main train bound. They got within three feet of him before he could be extricated. \* \* \* \* \*

Dolan's left leg was broken and badly crushed, and he has very bad scalds about the head and face. The doctors thought last evening that the leg would have to be amputated. They said the sufferer was in a low condition.

## BURNING BOAT HOUSE.

A FIRE at Lake Koshkonong, Wis., near the property of Janesville Boatmen.

Henry Blank, who has been at Lake Koshkonong duck hunting, has returned with the story of a fire that occurred Monday afternoon. The flames destroyed the boat house of Ira Bingham and the one belonging to H. G. Carter and Mr. Blank himself. Besides the property of these three were burned parts of the outfit of F. P. Stannard, C. B. Whittington, G. W. Wise, E. W. Lowell, Oscar Rowe and H. E. Bliss. A sail boat and eight small boats were also destroyed at the same time. As one hundred pounds of powder and fifteen hundred pounds of shells were in the two houses, the fire burned very fiercely. Spontaneous combustion is believed to have been the cause, and as there was no insurance on any of the property destroyed, the loss is a considerable one. It will probably amount to one thousand dollars.

## Republicanism in Harmony.

The largest and most enthusiastic republican meeting ever held in the town of Harmony was that convened at the town hall last evening. Hon. J. C. Bartholomew, the republican candidate for member of the assembly, and E. D. McGowan, the republican candidate for clerk of the court, addressed the meeting. The republicans are unanimous for the reelection of Gov. Rusk and the entire state ticket. The opposition to the candidacy of Mr. Bartholomew in Harmony does not find any supporters in the assembly and that gentleman will receive almost the entire republican vote of the town. The democrats are, as a matter of course, adding their voice to that of the few republicans who desire that some other person should be nominated as the republican candidate, and with this democratic howl, a stranger would conclude that the opposition was strong. Mr. Bartholomew made many friends by his visit to Harmony last evening, and both he and Mr. McGowan were able and telling speakers.

## Ward Caucuses.

The republican ward committees of the First, Second and Fourth wards, of the city of Janesville, authorize the calling of ward caucuses in said wards on Thursday evening, October 28th, at 7:30 o'clock, for the purpose of electing delegates to represent the wards in the second assembly district convention to be held at the common council chamber on Saturday, the 30th inst. The caucuses will be held as follows:

First Ward—At the west side engine house.

Second Ward—At the east side engine house.

Fourth Ward—At the common council chamber.

By Order of the Ward Committees.  
Janesville, Oct. 27th, 1886.

## Personal.

—Miss Bell Kelly is visiting with relatives at Glendale, Monroe county, Wis.

—David W. Watt, who has been dispensing circus tickets to a yearling public during the summer, has returned home.

## A Lost Jar.

A soft black lot of liberal dimensions has been left at the Gazette office for an owner. The jar was exchanged by mistake at the party in the first ward last Monday evening. The quality of the lot is all right, but the size is a serious objection to a man of light weight with a small head that stepped growing a way back in the fories.

## 100 Washing Machines Free.

To introduce them to the readers of the Gazette, we will give 100 self-operating washing machines. If you want one send your name at once. Address: Monarch Laundry Works, 88 and 101 Randolph street, Chicago, Ill.

For bedding or clothing, and especially for blankets and blankets, use Fairbank's soap.

## A Pair of Kids.

Our play-gangs will not forget that, Ezra F. Kendall and company will appear in the funny, very funny play entitled "A Pair of Kids," at Lappin's hall on Friday evening. The Pittsburgh Leader, of Sept. 6th, says: Ezra F. Kendall, one of the funniest of comedians, and his funny play "A Pair of Kids," were greeted with a good house last evening at the open house. As "Jules Botton" with a modern "Solon Shingle," which kept them in a roaring good humor during the entire performance. There is a quaintness about him that is perfectly irresistible, and you laugh before you really know what is all about. His whistle is one of the funniest things of the stage. He is ably assisted in his fun-makings by Thomas E. Jackson, Jesse Lawley, Arthur Dunn, E. R. Fritz, Gustav App, the Messes Chase, Fox, Webster and others. Not the least feature of the performance is the ladies base ball club.

## Notter.

Parties wishing to winter their horses can find the best accommodations at my farm one and a half miles west from town house near blind asylum. Good warm stable room. Prime upland hay and grain. Rates reasonable.

J. GARDNER WILLIAMS.

Dr. Bull's Cough Syrup is a staple article in the market. The demand for it is never greater than now. The people find it indispensable, and will not do without it at any price. Only costs 25 cts.

## Our County Ticket.

It is with pleasure that we at this time call the special attention of the voters of Rock county to the republican nominees for the various county offices, and ask that they receive a handsome endorsement at the polls on Tuesday next. For thirty years the republican party has been in the majority in this county, and during all these years has taken great pride in nominating none but the best representative men to office. At no time has there been a better or an abler ticket presented. When the fact is considered that we have a large and populous county, in which there are many prominent men who have large followings, and who aspire to these places of political preferment, it is not to be denied that at times there are some personal disappointments. These disappointments are, therefore, natural, but that most, if not all the feeling engendered during the heat and excitement of the primary conventions passes away before election is a fact upon which the republicans of old Rock county take greater pride, and which enables the party to roll up its large majority and place the county at the head of the republican column bearing the banner. With the great majority with which the republican party of Rock county is placed in power from year to year, comes the other greater point of interest and truth and pride to the intelligent people within her borders, that during all these years which the republican party has been entrusted with the management of affairs, the trust has not been betrayed. There may be existing at this time a little of this feeling of personal animosity created during the primary caucuses, but being purely of a personal character, it will result in no material harm to the general ticket, and we predict one of the old time republican triumphs for all the names on the republican ticket. The gentlemen whose names compose the legislative ticket are above reproach and an honor to the party they represent. The

## HON. A. P. LOVEJOY

whose name heads the ticket as the candidate for state senator, is a man of broad and comprehensive intelligence, thoroughly qualified to faithfully represent the best interests of the best county in the state. Mr. Lovejoy combines the qualifications of a good legislator, intelligence, and practical common sense. He also possesses the ability to fill the office to which he will be elected, with credit to himself and to the satisfaction of his constituents. The republican support throughout the county will rally to his support cheerfully, and his election is not a matter of doubt.

## MR. W. M. NYE.

of the town of DeLoit, the candidate for assembly in the first district, is also well and favorably known throughout his district. He is a substantial, well-to-do farmer, and represents the agricultural industry of his district. He has been honored with a place on the county board and enjoys the confidence of a large circle of friends who have learned to appreciate his many virtues. He will command the united support of the republicans in the first district and will faithfully serve his district in the next session of the legislature. The

## HON. J. C. BARTHOLOMEW.

of Milton, the republican candidate for the assembly in the third district, is steadily gaining in strength and popularity, and while the opposition to him in his district is determined, it lacks in numbers, and he will be elected by a good majority. Mr. Bartholomew is a young man of rare ability, and having received the nomination, he is entitled to the support of his party. The following letters, written to a friend, indicate his strength and popularity at Madison two years ago:

NEXUS, Wis., Oct. 21, '86.

The Hon. J. C. Bartholomew was looked upon as one of the very best members of the last legislature.

Yours very truly,  
C. B. CLARK.

## MARINETTE, Wis., Oct. 21, '86.

You ask me my opinion as to the ability, integrity and standing as a member in the last session of the assembly of Hon. J. C. Bartholomew.

As to his ability I would say, I consider him a very bright, intelligent and promising man. He was looked upon by the members of the assembly for years ago as one of the ablest men—and for a young man, one of very great promise. As to his integrity, I know nothing except the impression I received from close contact with him during the winter session of 1885 from what I then saw of him. I regard him as a man above reproach in his character. I should certainly hesitate long before believing him otherwise, even in the face of strong proof to the contrary.

As to his standing in the assembly, I have already in fact indicated. He was faithful, industrious and always on the alert. His attention to and knowledge of the business of the assembly would make an honorable record for an assemblyman. I remember that Mr. Bartholomew when you see him, as I hold him in high esteem as a man and with warm regard as a friend.

Respectfully yours,  
H. O. VANCHILN.

Mr. Fairchild will be remembered as the last speaker of the house, while Mr. Clark is the present republican candidate for congress in his district. The second district will make their nomination for assembly next Saturday afternoon, and from the possible candidates mentioned, it is safe to assume that the man who receives the nomination will command the vote of the republican party in the district.

## MR. J. B. JONES.

of Evansville, the candidate for school superintendent in the first district, has already established a reputation, and needs no word of commendation from the Gazette. The "well done thou hast" and faithful servant," continue, applies to Mr. Jones in the broadest sense, and the very excellent school system throughout the first district, will continue to enjoy the supervision of the man who has contributed so much to its prosperity.

## MR. R. C. TROM.

of Turtle, the republican candidate for the same office in the second district, while a new man in the field, is amply qualified to fill the position. He is well endorsed by men who are in a position to know of his ability, and he enjoys the confidence of a host of friends throughout his district.

For the office of sheriff the republicans present the name of

## SILAS WARD,

of the town of Janesville. Mr. Ward is an old settler in the county, has served

## his town and county many years on the board of supervisors, always taking a leading part in the transaction of business, has served upon many prominent committees in the county board, always doing his duty faithfully and well. Mr. Ward will make an able and efficient sheriff.

## CHAS. L. VALENTINE.

of Janesville, is our nominee for the office of register of deeds, and a better qualified person to fill the duties of that important office it would be difficult to find. Mr. Valentine is familiar with all the exacting details of real estate transfers, titles, etc., and his experience by long service in the office is of great value not only to himself but to the people doing business at the register's office. Besides performing the above rare accomplishments, he is a gentleman, courteous and obliging to his visitors.

## E. D. MCGOWAN.

of Janesville, is the candidate for clerk of the court. Mr. McGowan is one of our promising young attorneys, one who, by assiduous efforts, has already gained an enviable and honored position at the bar; he is a popular young man, and is well qualified to faithfully discharge the various duties of the important office for which he has been named.

## WM. F. WILLIAMS.

that robust, genial, and ever good natured and jolly fellow from the village of Evansville, is named for the important office of county clerk. This is one of the cases where the man is suited to the office and the office to the man. Mr. Williams has occupied the office of county clerk for the past two years, and we but speak the sentiments of all who have had business to transact at his office, when we say that none could perform the duties better and with satisfaction to all concerned. Mr. Williams becomes popular as he becomes known. He is a man who believes in performing his duty as the law directs, letting consequences take care of themselves. This he does without fear or favor, and by so doing is making himself one of the most popular public men in Rock county. The affair of the county are safe entrusted in his hands. Long may he continue to enjoy and merit the confidence now imposed.

Mr. Malone is one of the ablest attorneys in the county, and during his two years occupancy of the office, has performed much hard work for the county, for which he has been poorly paid. Mr. Malone is a hard worker and an able student, and the legal affairs entrusted to him will not be neglected.

## An Appeal for the Associated Charities.

W. Alex. Johnson, secretary of the Charity organization, of Chicago, will address the people of Janesville at the risk on Sunday evening next, Oct. 31st, on the subject of Charity Organizations in General. He comes without compensation, which proves him to be possessed of a liberal heart, and we doubt not from his holding such an important position as well as what our friends who have conversed with him affirm that he has a most comprehensive knowledge of his subject.

We, the Janesville Associated Charities, being a comparatively new organization, acknowledge our methods heretofore to have been narrow. While we are thankful for our gradual growth, we feel the urgent need of some impetus by which we can be placed upon a basis of broader principles. In view of these facts we have invited all the churches of the city to cooperate with us on the occasion; and most generously have they responded, not only giving up their regular Sunday evening services, but their entire congregation may be with us, thereby showing their appreciation of our efforts and confidence in their results. We risk the business men, lawyers, doctors, merchants and mechanics, every man and woman interested in the welfare of their fellowmen, to be there, and thereby give us their moral support.

## The Weather.

At seven o'clock this morning the thermometer indicated 59 degrees above zero. Clear with north wind. At one o'clock p. m. the register was 50 degrees above zero. Partly cloudy with north wind. For corresponding hours one year ago the register was 42 and 45 degrees above zero.
